OF EMERGENCY SERVICES

SITUATION SUMMARY

Southern California Excessive Heat Event, Multiple Counties

SITUATION OVERVIEW:

Phase II Criteria of the Heat Plan has been met. The National Weather Service has issued Excessive Heat Watches and Warnings for portions of Southern California through early next week.

- Widespread temperatures in the upper 90s to lower 100s affecting valleys and lower mountain elevations will continue through at least Tuesday over southern CA.
- Overnight temperatures will remain quite warm during this period in the foothills and lower mountain elevations, with lows generally in the 70s.
- Weak offshore flow will result in humidities lowering to near-critical levels over inland areas especially the mountains of Ventura and Los Angeles Counties. The low humidities combined with hot temperatures will bring the potential for dangerous fire weather conditions at times through Tuesday.
- There is a potential for strong rip currents on Monday and Tuesday as the long-period swell arrives. With the hot weather pattern in place, lifeguard rescues could be elevated due to people traveling to the beaches to cool off.
- Remnants from Hurricane Odile might move across Southern California by Wednesday and Thursday. There is the potential of 1-2 inches of precipitation over the deserts and coastal mountains of southern California with slightly less amounts over the lower elevation. There is a lot of uncertainty with the precipitation at this time however.

Actions

- Cal OES is disseminating excessive heat information through:
 - Daily Weather Outlook
 - Cal OES Daily Situation Report
 - State Weather Situational Awareness Briefing to stakeholders

A conference call is scheduled for Sunday, September, 14, 2014; 1300 hours

Resources

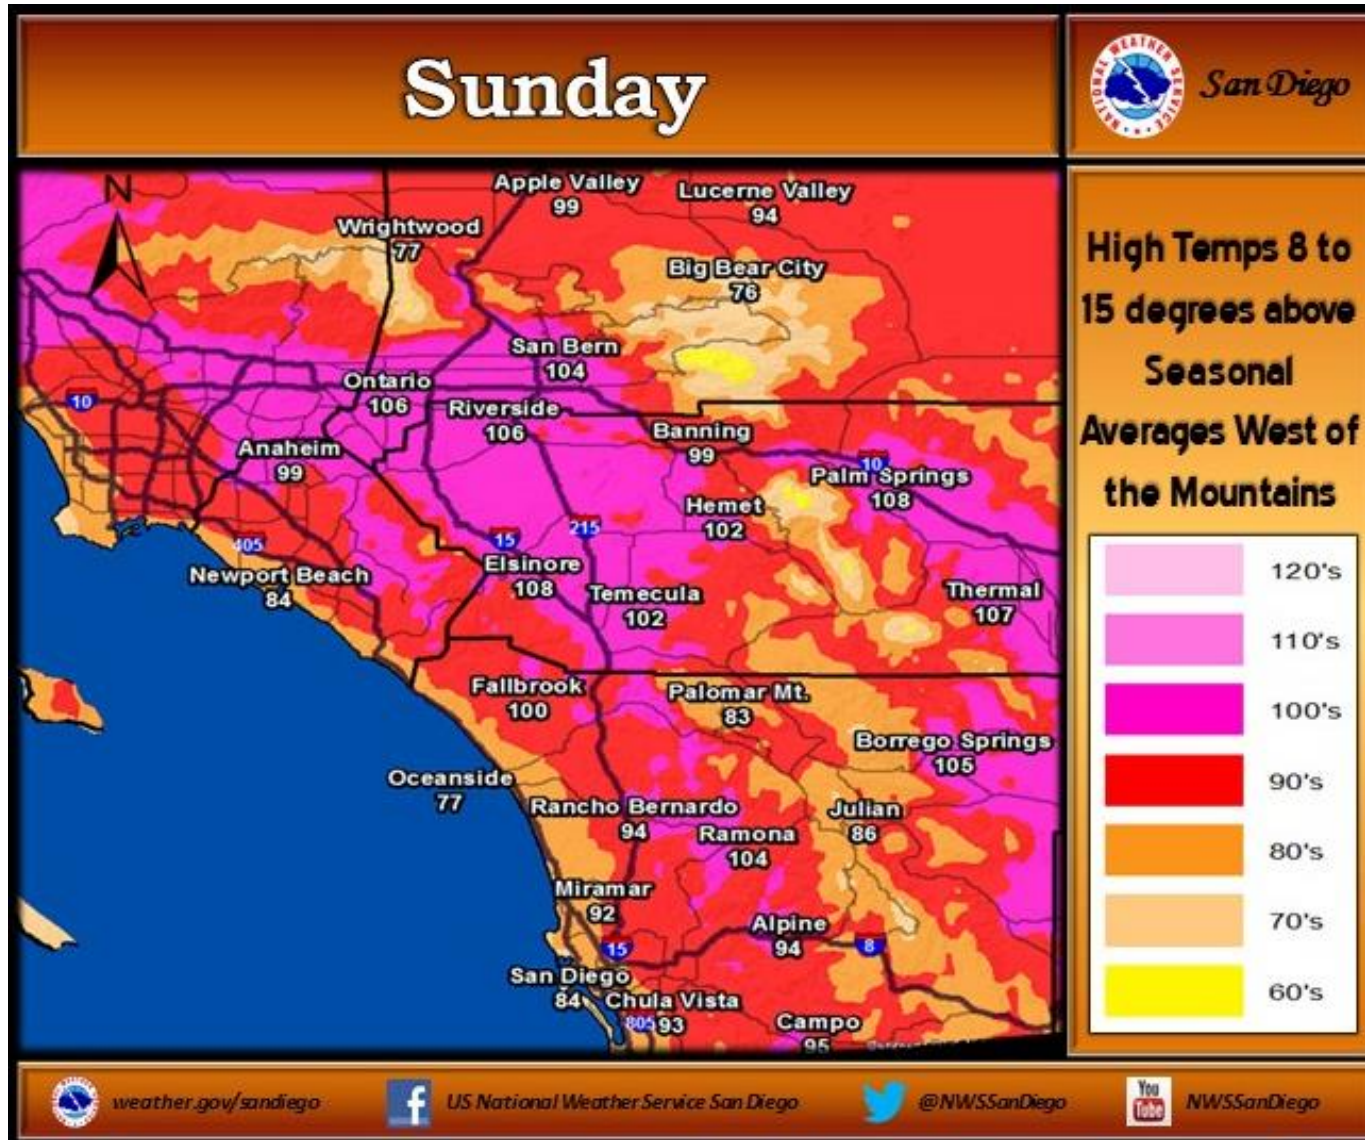

- Heath Contingency Plan for Excessive Heat Emergencies (June 2014):
<http://www.calema.ca.gov/PlanningandPreparedness/Pages/Heat.aspx>
- NWS Heat Impact Levels HIL (Experimental product created by NWS). The goal is to provide advanced localized information about excessive heat events. The Heat Impact Level graphics provide a concise way to view where and when heat might have the greatest potential impacts. The graphic is the result of combining local climate information with the 7-day forecast:
<http://www.wrh.noaa.gov/sto/heat/?page=gmap&day=4>

SITUATION SUMMARY

Southern California Excessive Heat Event, Multiple Counties

Issued Saturday, Sep 13, 2014 at 5:42 pm PDT

National Weather Service - San Diego, CA

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County

SITUATION:

On Sunday, August 24, 2014, at 0320 Hours PST, a magnitude 6.0 earthquake struck five miles northwest of American Canyon, CA.

Health and Medical

- California Public Health reported that five (5) Women, Infant and Children Centers (On in Solano County; Four in Napa County) are opened and fully operational.

Utilities

- Stabilization and repair of the distribution leaks caused by the August 24th Napa Earthquake is functionally complete for the City of Napa. The status of local sewer main repair and bacteriological history since the earthquake has been reviewed by the SWRCB'S Division of Drinking Water. Based on these factors, the Division of Drinking Water is lifting the blanket precautionary BWN issued for the City of Napa on 8/24/14.
- The Browns Valley area remains vulnerable due to the damage to the roof of the million gallon storage tank (Reservoir B tank) in that area. This area potentially could be subject to localized BWNs in the next few weeks if pumps from other pressure zones are unable to meet demand; however, at present there are no immediate risks.

Mission Tasking

2014-CREOC-5600: 10 Structural Engineers for City of Vallejo – On Scene.

2014-SOC-5712: 6 Caltrans inspectors to inspect over bridges in Napa – Coordinated.

2014-SOC-5520: 25 CALBO Inspectors – Closed.

2014-SOC-5630: 20 SAP inspectors for Napa - On Scene.

2014-CREOC-5753: 1 Building inspector/engineer for City of American Canyon - On Scene

2014-CREOC-5758: 20 SAP inspectors to assist the City of Napa - Coordinated

2014-CREOC-5772: 8 Building inspectors for the City of Vallejo - On Scene

Activations

The Coastal Region Duty Officer and assigned field staff, in coordination with Cal OES' Recovery Division and interested stakeholders, will continue to monitor activity, conduct follow-up on related impacts and associated costs, actions taken, and facilitate additional state assistance as needed.

- Napa County EOC - Napa Recovery Operations Center (ROC) – Activated Mon thru Fri from 0800-1700 hours until further notice.
- In support of the Bridge Inspection Mission request from the County of Napa, Caltrans Structure Maintenance & Investigation's Incident Command Center is currently activated. The center will be on Duty Officer Status throughout the weekend and stood up again on Monday.

Deployments

Cal OES staff are deployed to Napa for IA PDA.

SITUATION SUMMARY

Magnitude 6.0 Earthquake, American Canyon, Napa County (Continued)

Recovery

- On September 11, 2014, the President declared a major disaster declaration in Napa and Solano Counties for the Napa Earthquake. The declaration provides Public Assistance (PA) funding for emergency work and the repair or replacement of disaster-damaged facilities within the two counties. The Individual Assistance (IA) portion of the request remains under review pending the outcome of the additional IA PDAs taking place at this time.
- Based on a request for additional IA information for the major disaster declaration request, IA teams conducted PDAs 09/8/14 through 09/12/14 in Napa County, the City of Vallejo, and Solano County. Additional IA PDAs are being scheduled for the week of 09/15/14 in Napa County.
- The City of Napa website has information regarding earthquake recovery resources.
- Cal OES Recovery PA is working closely with the Operational Areas to schedule the PA Applicants Briefing to advise state agencies, local governments, and private non-profit organizations impacted by the earthquake the types of assistance available and the programmatic guidelines. Tentative time and location: 09/23/14 at 1000 hours in the Chardonnay Hall, 575 3rd Street, Napa, CA.
- On 09/04/14, IA participated in a Long Term Recovery Committee (LTRC) meeting with key organizations interested in recovery efforts. A follow-up meeting was held 09/05/14, the Napa LTRC is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement.
- State Voluntary Agency Liaison (VAL) is working with Solano VOAD to coordinating a Long Term Recovery discussion meeting for Monday, 09/15/14. Participants will include voluntary organizations, state and federal VAL, and leadership from Northern CA and Solano VOAD.
- American Red Cross Assistance Center: Napa Marriott Hotel opened on 09/01/14 from 1000 to 1900 hours for Napa and Solano County; center will be open for two weeks.
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). The LAC is open until further notice.

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

Happy Camp Complex, Vegetation Fire, Siskiyou County

Happy Camp District, Klamath National Forest

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of [09/14/14 at 0536 hours](#):

FRA

- [111,942](#) acres, 55% contained
- Type 1 Team in command
- Expected Containment: 09/20/14
- Threatened Structures: 91 Single Residences, 1 Multiple Residence, 1 Mixed Commercial/Residential, 3 Nonresidential Commercial Properties, 42 Other Minor Structures
- Damaged Structures: 2 Other Minor Structures
- Destroyed Structures: 2 Single Residences, 4 Other Minor Structures
- Continue aggressive action on all spot fires across Scott River Road and Scott River from Swanson Gulch and McGuffy Creek. Direct attack will be utilized whenever possible. Structure defense in that area and Mill Creek is in place. Mop-up 100% around structures.
- [See Fire Activity Section for detailed information.](#)

July Complex, Siskiyou County

4 miles southeast of Sawyers Bar

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of [09/14/14 at 0558 hours](#):

FRA

- [48,217](#) acres, 78% contained
- Type 2 Team in command
- Destroyed Structures: 2 Other Minor Structures
- Patrol and mop up inside the line
- [See Fire Activity Section for detailed information.](#)

Gulch Vegetation Fire, Shasta County

Backbone Ridge, Jones Valley, 15 miles NE of Redding

Per CAL FIRE, Cal OES Duty Officers and ICS-209 as of [09/14/14 at 0555 hours](#):

SRA

- [1,300](#) acres, [90%](#) contained
- Type 3 IC in command
- Threatened Structures: None
- Destroyed Structures: [18](#) Other Minor Structures
- Continue building and improving direct line. Continue structure defense in the fire area
- FMAG applied for and placed on hold
- Two (2) Cal OES Fire Assistant Chiefs assigned
- [See Fire Activity Section for detailed information.](#)

SITUATION SUMMARY

NORTHERN CALIFORNIA FIRES

Bald 3, Vegetation Fire, Humboldt County

Hoopa, Hoopa Valley Reservation

Per CAL FIRE and ICS-209 as of [09/14/14 at 0558 hours](#):

FRA / HIA

- [209](#) acres, [50%](#) contained
- Moderate rate of spread with heavy spotting
- Threatened Structures: 7 Singles Residences, 3 Nonresidential Commercial Property
- Continued commitment of CAL FIRE air resources

Black Incident, Vegetation Fire, Mendocino County

Black Bart Trail, North of Lake Mendocino

Per Cal Fire and Cal OES Duty Officers as of [09/13/14 at 2145 hours](#):

SRA

- [125](#) acres, 0% contained
- Moderate rate of spread
- [7 residences lost and 150 structures threatened.](#)
- [Mandatory evacuations ordered for homes north and east of the intersection of Black Bart Trail and Hells Delight Canyon.](#)

[See Fire Activity Section for detailed information.](#)

Dog Bar Incident, Vegetation Fire, Nevada County

Dog Bar Road, southeast of Grass Valley, Nevada County.

Per Cal Fire, Cal OES Duty Officers, and ICS-209 as of [09/14/14 at 0459 hours](#):

SRA

- [150](#) acres, [30%](#) contained
- Moderate rate of spread
- Threatened Structures: [0 Single Residences](#)
- [Destroyed Structures: 2 Single Residences, 3 Other Minor Structures](#)
- An FMAG request has been received and has been placed on hold.

[See Fire Activity Section for detailed information.](#)

SITUATION SUMMARY

SOUTHERN CALIFORNIA FIRES

Silverado Vegetation Fire-Orange County

Silverado Canyon Road in the Cleveland National Forest, Orange County

Per CAL FIRE and Cal OES Duty Officers and ICS-209 as of 09/14/14 at 0548 hours:

FRA

- 1,600 acres and 20% containment.
- Threatened Structures: 250 Singles Residences
- Power lines are threatened, Per CUEA there is no threat to the power grid.
- Unified Command between the Cleveland National Forest and the Orange County Fire Authority.
- One (1) Cal OES Assistant Fire Chief assigned.
- [See Fire Activity Section for detailed information.](#)

Meadow Vegetation Fire – Yosemite National Park, Mariposa County

Moraine Dome, East of Little Yosemite Valley, Yosemite National Park.

Per CAL FIRE and Cal OES Duty Officers as of 09/14/14 at 0604 hours:

FRA/YNP

- 4,761 acres, 50% contained ([Reduction in acres due to more accurate mapping](#))
- Type 2 Team in command
- Threatened Structures: 3 Mixed Commercial/ Residential
- Continue to construct and improve direct fire line where possible.
- [See Fire Activity Section for detailed information.](#)

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Hurricane Odile, Eastern Pacific Ocean

Odile is a Category 4 hurricane that is currently located 225 miles west of Manzanillo, Mexico. It is moving north, northwest at 15 mph. Northwest motion with increase in forward speed is expected through Monday. Odile, is forecast to remain well offshore of the southwest coast of Mexico. Maximum sustained winds are 135 mph. Hurricane-force winds extend 25 miles; tropical storm-force winds extend 185 miles. There are Hurricane watches or warnings in effect for the U.S. National Weather Service, San Diego reports that Odile could bring a significant influx of monsoonal moisture. This would bring the possibility of showers and thunderstorms with locally heavy rainfall.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A shallow layer of stratus and fog will persist along the coast today while dry and warm weather continues across the interior. The strong ridge aloft will begin to shift east on Monday. An upper level trough will bring a chance for light rain to the area on Wednesday.

San Francisco Weather:

The weather today will be much like yesterday. Warm and dry conditions are forecast inland, especially in the inland valleys. Seasonably cool weather is expected near the coast along with patchy morning fog. A cooling trend is then forecast for the first half of the work week as a trough of low pressure slowly approaches the west coast. Light rain is possible across the northern part of the forecast area around midweek.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Hot temperatures continue today with cooler temperatures forecasted for much of this work week. Sprinkles or light showers will be possible for parts of the area Monday, and again Wednesday through Thursday.

Hanford Weather:

Above normal temperatures will continue over the central California interior through at least Tuesday as high pressure remains in control. Slightly cooler weather is likely by Thursday as an upper level trough nears the California coast.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure aloft will continue to bring hot and near record temperatures through Tuesday with heat-illness and fire weather concerns. Patchy dense fog will affect some coastal areas. Cooling with increased clouds from the remnants of Hurricane Odile is expected Wednesday through the end of the week as well as a slight chance of showers or thunderstorms over some mountains and deserts.

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

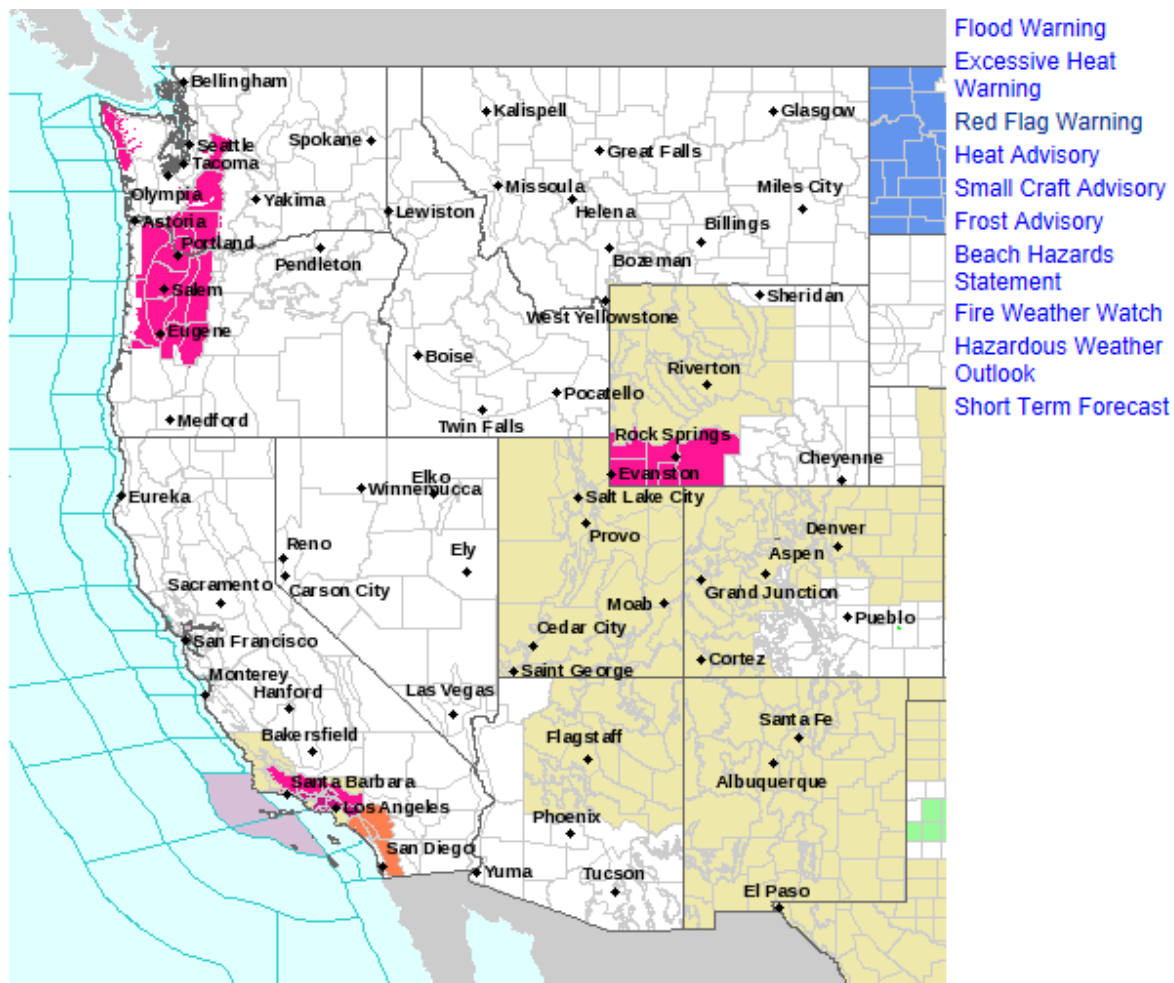

High pressure and weak offshore flow will result in very hot weather the next several days, except along the immediate coast where the sea breeze will keep it a bit cooler. There will be a slight chance of thunderstorms in the mountains through Tuesday and then moisture will increase from the south Wednesday as deep monsoonal flow returns. This will trigger more widespread showers and thunderstorms through Thursday, then decreasing Friday. The days will be less hot starting Wednesday; however, the days will be more humid.

Southeast California Weather:

An increase in moisture from the east will maintain a slight chance of thunderstorms through Monday. Deeper tropical moisture will begin to move in Tuesday for a significant increase in storm chances for the rest of the week.

FIRE ACTIVITY

Black Incident, Vegetation Fire, Mendocino County

Black Bart Trail, North of Lake Mendocino

Per Cal Fire and Cal OES Duty Officers as of 09/13/14 at 2145 hours:

SRA

- 125 acres, 0% contained
- Moderate rate of spread
- 7 residences lost and 150 structures threatened.

Emergency Management

Evacuations

- Mandatory evacuations ordered for homes north and east of the intersection of Black Bart Trail and Hells Delight Canyon. Notifications were done by utilizing Reverse 911 for approximately 150 homes and the Mendocino County Sheriff's Office going door to door for affected residents that did not respond.

Shelters

- A shelter has been established at Eagle Peak Middle School, located at 8601 West Road, Redwood Valley. [Current Population – 3.](#)

Utilities/Critical Infrastructure

- Per the California Utilities Emergency Association (CUEA), power is presently safe, PG&E is monitoring.
- [Per State Water Regional Control Board's Drinking Water Program, Redwood Valley Community Water District is threatened 1.5 miles west of the fire.](#)
- [Lakeview Mutual Water Company \(located at 4950 Black Bart\), which is a small water system on wells that serve 90 residents with 25 connections, is about a mile and half from Redwood Valley's public water system and also threatened by this fire. Lakeview Mutual currently is without power but they should have sufficient water in storage to last until Monday morning without electricity.](#)

Activations

- [Mendocino County EOC deactivated at 2130 hours this evening and will reactivate at 0900 hours on 09/14/14.](#)
- [The Cal OES Coastal REOC activated to Level 2 at approximately 2008 hours this evening and transitioned back to Level 1 at 2130 hours.](#)

Cal OES Deployments

- A Cal OES Assistant Fire Chief is assigned to the incident.

There are currently no requests for assistance or unmet needs.

Black Incident, Vegetation Fire, Mendocino County

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

FIRE ACTIVITY

Dog Bar Incident, Vegetation Fire, Nevada County

Dog Bar Road, southeast of Grass Valley, Nevada County.

Per Cal Fire, Cal OES Duty Officers, and ICS-209 as of 09/14/14 at 0459 hours:

SRA

- 150 acres, 30% contained
- Moderate rate of spread
- Threatened Structures: 0 Single Residences
- Destroyed Structures: 2 Single Residences, 3 Other Minor Structures
- Three (3) Type-1 Strike Team Engines ordered for structure protection
- An FMAG request has been received and has been placed on hold.
- Total Personnel - 480

Emergency Management

Evacuations

- All evacuation orders lifted as of approximately 2200 hours on 09/13/14.

Shelters

- The evacuation center at Bear River High School, located at 11130 Magnolia Road in Grass Valley, closed at approximately 2300 hours on 09/13/14.

Road Closures

- All road closures lifted as of approximately 2200 hours on 09/13/14. Traffic on Dog Bar Road and associated streets is limited to residents only.

Utilities/Critical Infrastructure

- PG&E is monitoring threat to power lines closely.

Mutual Aid Resources

- Nevada County Sheriff received immediate mutual aid resources from CHP (3 units assisting in road closures and traffic control) and Placer County Sheriff's Department (10 units). At 1915 hours, per Nevada County Sheriff all Law enforcement mutual aid resources released

Activations

- Nevada County EOC deactivated at approximately 2200 hours on 09/13/14.

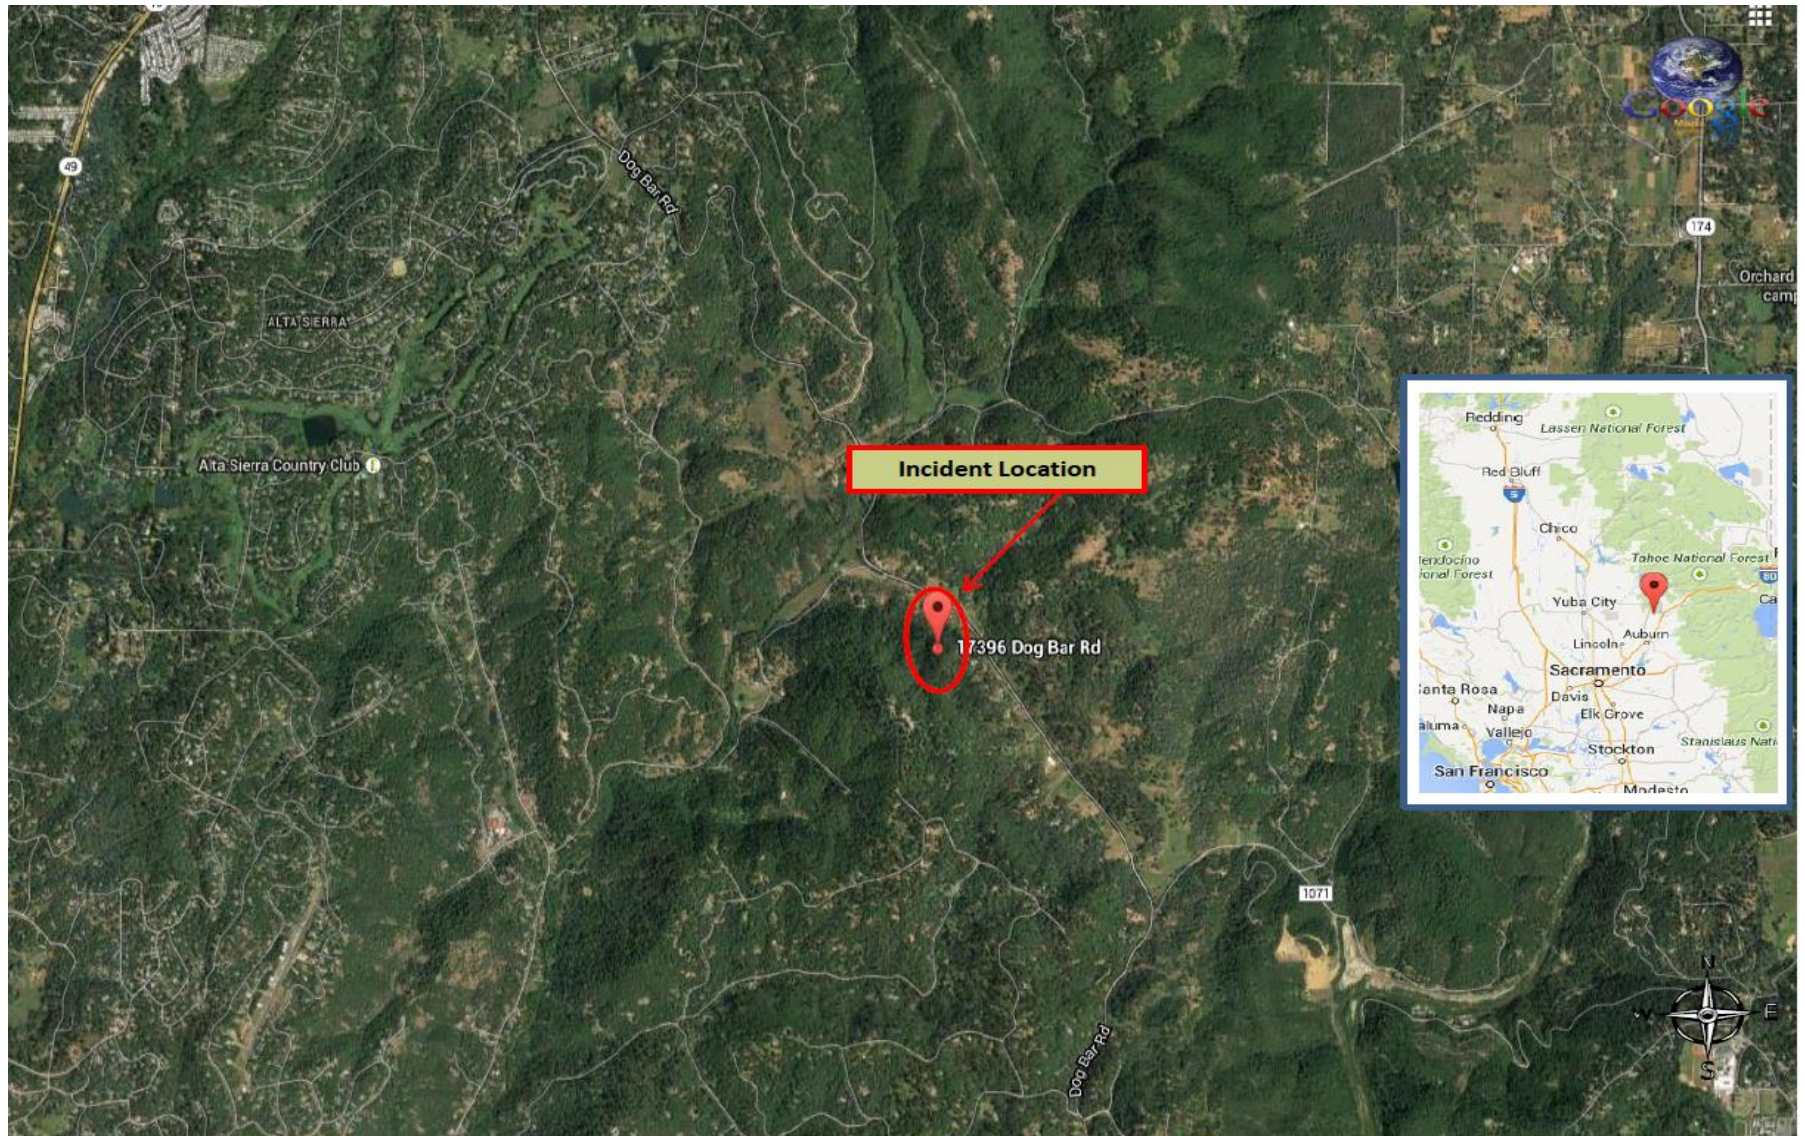

Cal OES Deployments

- A Cal OES Assistant Fire Chief is assigned to the incident
- The Cal OES Law Enforcement Assistant Chief and Cal OES Inland Region Representative at the Nevada County EOC were released at approximately 2020 hours on 09/13/14.

There are currently no requests for assistance or unmet needs.

- Destroyed Structures: 2 Single Residences, 4 Other Minor Structures
- Continue aggressive action on all spot fires across Scott River Road and Scott River from Swanson Gulch and McGuffy Creek. Direct attack will be utilized whenever possible. Structure defense in that area and Mill Creek is in place. Mop-up 100% around structures.
- Total Personnel – 1,864

Emergency Management

Evacuations

- Mandatory Evacuations:
 - Scott River Road from Bridge Flat to the intersection of Hwy. 96.
- Evacuation Advisories:
 - All areas of Mill Creek Road five (5) miles east of Scott River Road.
 - Highway 96 from the Klamath River Bridge ½ mile west of Grider Road/Walker Creek Road to Scott River Road . This includes both sides of Hwy 96 and the community of Hamburg.
 - Area between Scott Bar Post Office at 27233 Scott River Road to Mile Marker 25 on Scott River Road
 - North and south side of Scott River road between Bridge Flat and Joyland Gulch.
- Currently, there has been no request for LE Mutual Aid; Siskiyou Sheriff's Office, CHP, and US Forest Service LEO personnel, are assigned to Evacuation Advisories/Orders, security and road closure

Power/Electrical/Utility Problems:

- Flumes providing water to the community of Hamburg (Siskiyou OA) - approximate population 80 - were reported burned by the Happy Camp Complex Fire. Immediate water needs are being met through bottled water donations. Temporary repairs have been made and water is back in the system.

FIRE ACTIVITY

Happy Camp Complex, Vegetation Fire, Siskiyou County (Continued)

Shelters

- An evacuation center has been established at Winema Hall at the Siskiyou Golden Fairgrounds, 1712 Fairline Road, Yreka. Population: 4
- An evacuation center has been established at the Karuk Tribe's Senior Nutrition Center located at 64101 Second Avenue, Happy Camp.
- Both large and small animals will be accommodated at the fairgrounds.

Health and Medical

- A Clean Air Respite Center is located at the Family Resource Center at 11920 Main St., Ft. Jones. It will be open during the week from 0900 – 1700 hours. A clean air respite Center has been activated at the Karuk Tribe's Senior Nutrition Center located at 64101 Second avenue in Happy Camp, 0800 - 1700.
- A Health Emergency has been declared as a result of this Complex.

Road Closures

- China Grade Road is open to residents only.

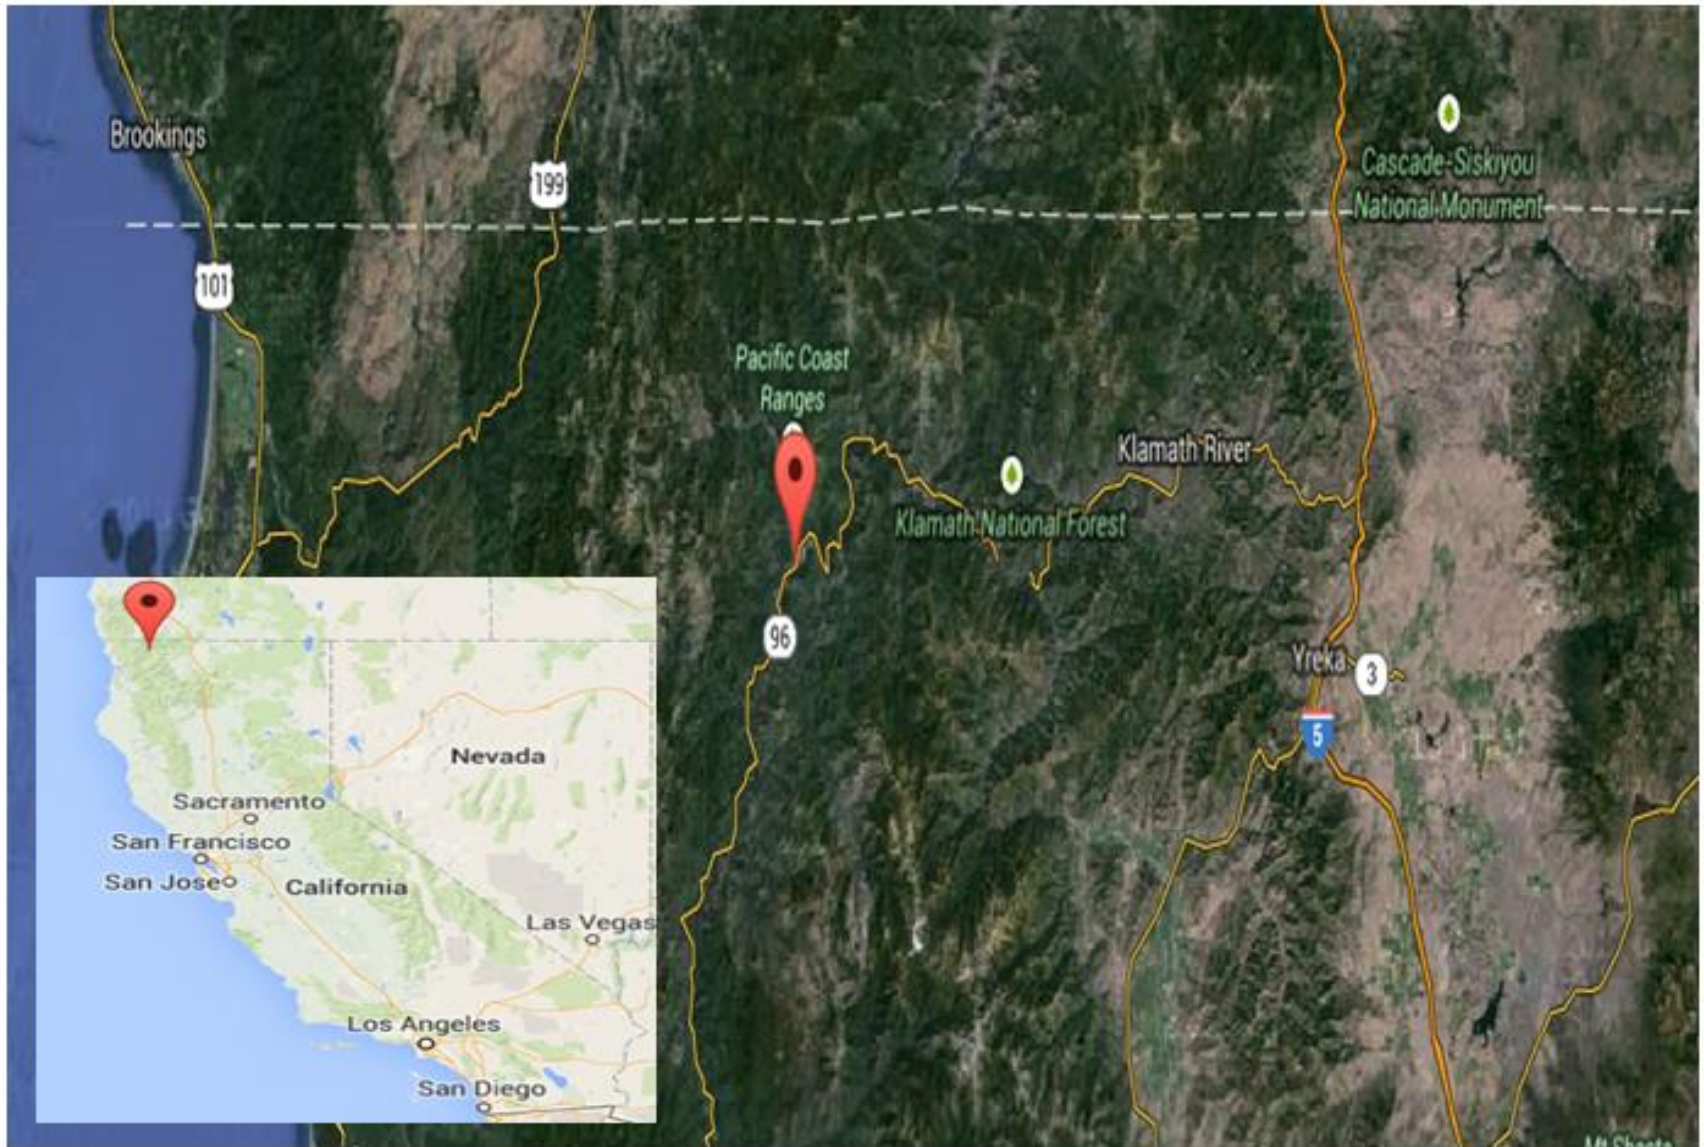

Activations

- Siskiyou County EOC activated Level 1

Mission Tasking

- **2014-IREOC-4568**
- Eight units are in continuing service.
- Due to commencement of school this week at the Klamath site, Unit #29 was relocated on 8/25 to a new site (Seiad Valley) 15 miles west.
- PM levels in the good to hazardous range ($>2,400$ mg/m³) were recorded intermittently at Happy Camp and Sawyers Bar.
- Other locations have predominantly good to moderate air quality with intermittent unhealthy air quality.

Emergency Management:

Evacuations

- Mandatory Evacuations from 30331 Silverado Canyon east to the end of the road (fire gate), approx. 30 residences

Shelter

- An evacuation shelter at 1530 at El Modena High School at 3920 East Spring Street. Orange, CA was closed as of 2200 hours, 09/12/14.
- Orange County Animal Care has established a large animal evacuation site at the Orange County Fair Grounds, located at 88 Fair Drive in Costa Mesa.
- Small animals are being accepted at the Orange County Animal Care Shelter located at 561 The City Drive South, Orange, California 92868. Six small animals at OC Animal Care (two dogs, two snakes, and two geckos).
- Canyon residents have independently relocated 12 horses and 1 goat to Carbondale stables.

Access and Functional Needs

- There are no unmet AFN issues reported at this time.

Road Closures

- Silverado Canyon Road is only open to residents from Santiago Canyon Road to 30311 Silverado Canyon Road.

Activations

- [The Orange County EOC deactivated at 2030 hours on 09/13/14 and transitioned to an OCSD Department Operations Center activation at Level 1.](#)
- The Southern REOC transitioned from Level 2 to Level 1 at 1600 hours, 09/13/14.

Deployments

- A Cal OES Assistant Law Duty Officer has been deployed to the Orange County Emergency Operations Center (EOC).
- A Cal OES Southern Region Emergency Services Coordinator ended their deployment at the Orange County EOC at 1630 hours, 09/13/14.
- One (1) Cal OES Assistant Fire Chief assigned.

FIRE ACTIVITY

Silverado Vegetation Fire-Orange County (Continued)

Air Quality

AQMD issued a smoke advisory for Orange County and advised the air quality across the county was reported as UNHEALTHFUL.

Utilities

Electricity

- There are 71 customers without power in Silverado Canyon; estimated restoration time is Sunday by 1700 hours.
- SCE has stated the 500kV line continues to be threatened by the fire; per CUEA, there is no threat to the power grid.
- The 12kV line servicing Silverado residents is still down. One pole needs to be replaced; when that work is complete, the downed lines will be replaced.

Telecommunications

- Cox Communications has one node offline in Silverado canyon. This is impacting a total of 236 customers within the canyon for video, phone, and data service. Repair crews are on standby pending being allowed into the area.

Water

- Power has been restored to all facilities in Silverado Canyon with the exception of Read Pump Station, Read Reservoir, and Chapman Reservoir. Outages are due to damaged and/or downed power poles. Restoration estimate from Edison for power to the reservoirs is 24-36 hours.
- The Read Pump Station and Reservoir 100 kW generator holds 250 gallons of fuel and is currently running. Additional fuel for the generator is ready when needed. Irvine Ranch Water District staff will continue to check the generator at 1000 and 2000 hours until power is restored.
- Communications to Chapman Reservoir are still out. IRWD is working on installing a set of batteries to restore power to the PLC. As of now, the pumps at Read Pump Station are running in manual with the Chapman Reservoir overflowing at approximately 50 GPM until communications are returned.
- Reservoirs continue to stay at high levels in all the canyons.
- Irvine Ranch Water District is in contact with the command post, WEROC, and the EOC. They are handling all needs and do not require assistance at this time.

Cal OES Duty Officers continue to monitor. There are currently no requests for assistance or unmet needs.

Silverado Incident, Vegetation Fire – Orange County

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.

CAL OES MISSIONS

Ongoing Cal OES Missions

2014-LAW-4996 **REOPENED** This mission, a SAR for a missing hiker, was originally opened on 8/16/14. After searching daily to no avail, the mission was closed on 8/25/14. On 9/10/14, Monterey SO requested to reopen the mission for a single operational period on Saturday, 9/13/14, to search for the missing person's remains. The request is for ten K9 teams and a helicopter to insert them. The Cal OES Law Branch K9 coordinator is working to secure the K9 teams. Monterey SO is requesting the helicopter to expedite deployment of teams in the field to maximize the available search time. The helicopter will be used only to insert teams and not for the extraction; the K9 teams will search all day Saturday, camp overnight and hike out on Sunday. Santa Clara SO has tentatively agreed to provide their helicopter, weather permitting. UPDATE: 9/11/14, 2141 hrs., Cal OES LEB K9 Coordinator has secured 6 HRD teams for Saturday's search. **Mission Re-opened/Ongoing**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
